

The Pay It Forward Direct Assistance Loan Program, powered by 100WomenStrong, provides up to \$2,000 to Loudoun County residents who need assistance in meeting expenses, such as housing, utility, car payments, medical, childcare or other needs.

About the Program

The short-term loans will be administered by [Northern Virginia Family Service \(NVFS\)](#) and are designed to be flexible and responsive, with a low interest rate. Re-payment will go back into the program to make it sustainable to assist others in need.

[100WomenStrong](#) funded and spearheaded the program in partnership with area businesses, foundations and nonprofit organizations, including the Community Foundation for Northern Virginia.
