NORTHERN VIRGINIA
FAMILY SERVICE

100 years of service

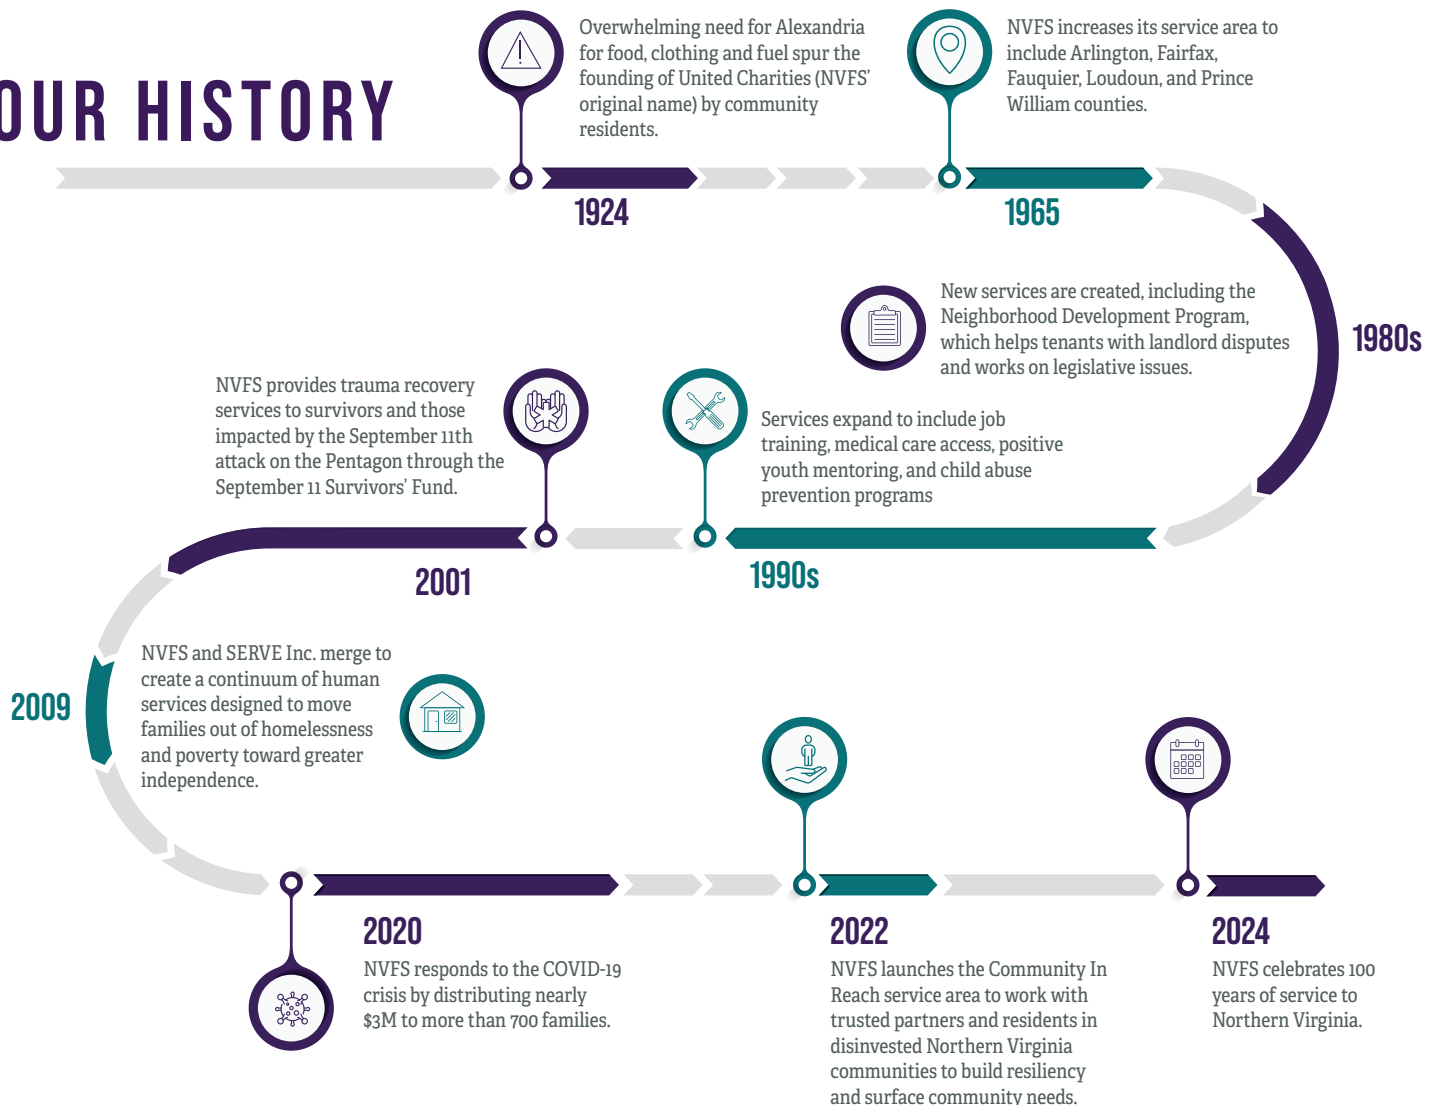

Northern Virginia Family Service (NVFS) was established in 1924 by community residents with the mission to “empower individuals and families to improve their quality of life, and to promote community cooperation and support in responding to family needs.” Every year, NVFS supports more than 30,000 individuals through its transformative programs that engage a wraparound approach. Our service area extends across 1,300 square miles in Northern Virginia.

At the heart of what we do are the individuals and families we serve—70% of whom are living at or below the Federal poverty level and 69% self-report as foreign-born. NVFS responds to the community’s evolving needs by establishing access to affordable housing, healthcare, food security, workforce development, childhood education, mental health and many other services. As a well-respected regional, direct service provider, NVFS leverages funding, partnerships, and staff to provide comprehensive and innovative services.

We proudly employ nearly 350 staff members, more than half of whom identify as bilingual/bicultural and collectively speak 16 different languages. Our team works directly with clients to help them navigate interconnected challenges, address immediate needs, and create a roadmap to long-term solutions.

Join us as we head into our milestone year to ensure that everyone, at every stage of life, receives the resources and support they need to thrive. Sponsor our 100 Years of Service Celebration as we create a stronger and more vibrant community for everyone.
