Providing More Than Just a Home: NVFS' Therapeutic Foster Care Program

A deeper look at NVFS' Therapeutic Foster Care program and what sets it apart

No child should have to live with the notion that they aren't worthy of love, stability and opportunity. But for approximately [5,000 children in Virginia](#), such affection and comfort can seem unattainable. Northern Virginia Family Service (NVFS) strives to ensure that once a child enters

our Therapeutic Foster Care (TFC) program, we are able to help alleviate his or her stress to allow him or her to enjoy a healthier childhood.

By removing the burden of unstable housing and stress over where their next meal will come from, children enrolled in NVFS' TFC program can expend their energies on excelling in school, making new friends and establishing healthy relationships with caring, trustworthy adults.
